MANUFACTURED OR MOBILE HOME

Dear Taxpayer:

You expressed interest in the Manufactured Home Tax Escrow Program (Pre Pay Program) this is a further explanation of the program.

WHAT IS IT? It is pre-paying your Manufactured Home Taxes by making monthly payments into the Tax Escrow Fund so that the burden of a large tax bill does not hit you all at once.

PURPOSE? The purpose of the program is to help make payment of taxes easier for those of you who would like to budget monthly, have trouble saving up for the payment, or are on a fixed income.

The discipline of making the payments is up to you. We will tell you how to do it and we will suggest amounts and dates for payments and the rest is up to you.

DO YOU WANT TO? If you decide you want to participate you must first sign an agreement, which allows us to accept your payments. You can receive an agreement by contacting the Treasurers Office.

HOW TO DO IT? Sign an agreement and return it to us. **Deadline to file an agreement is June 15th.**
We will mail you coupons that you will use to make your payments. These coupons are self-explanatory.
A separate agreement will be required for each manufactured or mobile home account.

Every time you make a payment, send us the right side of the coupon with your check. If you want a receipt returned to you, send in both halves along with a self addressed stamped envelope and we will return your half of the bill marked paid. However, your cancelled check would be an adequate receipt.

You should start making payments in August to be prepared for the tax bill due in March. You should pay 1/6 of your estimated half tax bill by the 20th of each month. You should make a payment in August, September, October, November and December and we will send your regular bill for the first half due in March showing that you have a balance due or paid in full or the overpayment (CR) that will remain in the fund until the next half.

PLEASE NOTE: To stay on a schedule of one payment a month, you should pay this bill as soon as you receive it since you will have a scheduled coupon payment for February also.

You should then start making payments in February to be prepared for the tax bill due in July. You should make payments in February, March, April, May, and June and we will then send your regular bill for the second half due in July showing that you have a balance due or paid in full or the overpayment (CR) that remain in the fund until the next half.

NOTICE: All partial payments will be applied to your regular tax bill. If your total amount paid is not enough to pay the entire first half or second half taxes, what you have paid will be applied. However, the remaining balance of taxes due will be subject to the usual penalties and interest until full payment has been made. If you have overpaid more than the amount due, this will carry over for the next half tax.

You will earn no interest on your money in the Tax Escrow Fund. No discount will be given to you.

If coupon payments are not used for a whole year after signing up for the program you will be automatically removed the next year.

Delinquent taxes may not be included in this program.

Pre-payments may only be refunded under limited circumstances, which include things such as a change in property ownership or the death of the taxpayer.

Since we do not know what the amount of your new taxes will be, please remember that you are pre-paying estimated taxes.

Janie Harris, Hocking County Treasurer
